

XS35V5

Fanless & Reliable Slim PC

Perfect for Digital Signage, POS, KIOSK, Education, Medical, Automation, Desktop, Thin Client & Call Center Applications

MODEL	XS35V5	
INTEL® CPU	Intel Celeron N3050 Dual core processor	
DRIVE BAYS	(1) 2.5" HDD / SSD bay	(1) Slim ODD Bay
MEMORY	1 x DDR3L SO-DIMM Supports up to 8GB DDR3L 1600 MHz	
EXPANSION SLOT	(1) Mini-PCIE slot (default for WLAN)	
FRONT PANEL	(1) Power button (1) Power Led (1) SD Card reader	(1) USB 2.0 port (1) ODD bay
BACK PANEL	(1) RJ45 LAN port (1) VGA port (1) HDMI port (1) Display port (2) USB 3.0 port	(2) USB 2.0 ports (1) Line out port (1) MIC in port (1) Kensington lock (1) DC in
ETHERNET	Intel i211 Gigabit LAN controller Supports 10/100/1000 Mb/Sec. Supports WAKE ON LAN (WOL) feature 802.11b/g/n WLAN support (1T1R)	
VIDEO OUTPUT	(1) DisplayPort + (1) HDMI + (1) VGA	
AUDIO	Realtek ALC269 2.1 channel High Definition Audio	
POWER	40W Power Adapter	Input:100- 240V AC Output: 19V 2.1A DC
DIMENSIONS	10(L) x 1.5(W) x 6.4(H) Inches	
OS SUPPORT	Windows 7/ 8.1/ 10 & Linux	
ACCESSORIES	" Optional " PV01 (VESA Mount) " Optional " PHD2 (Second HDD bracket) Aluminum Case available for special orders	

Intel® Braswell Platform Technology

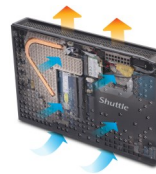

The XS35V5 series supports Intel® Braswell platform technology, equipped with 14 nm Intel® Celeron® N3050 dual-core processor. Support 1.35V DDR3L low-voltage memory with a maximum capacity up to 8GB, able to reduce thermal energy production and overall energy consumption.

24/7 Nonstop Operation

Thanks to its low power consumption and completely passive cooling, this Slim PC runs highly reliably making it perfectly suitable for digital signage and POI/POS applications – even at ambient temperatures of up to 40 °C.

No Fan Noise

The XS35V5 uses a passive thermal module with heat pipes to transmit heat throughout the system quickly and evenly. As an additional benefit, fanless cases rarely gather dust on the inside and stay cleaner than others. So it's not only quiet and low in energy use, but also dust-free and virtually maintenance free.

Supports Three Independent Displays

The XS35V5 series provides HDMI, DisplayPort, VGA output to support three independent displays. Use an adaptor to convert HDMI into DVI interface and DisplayPort into HDMI or DVI interface for diversified signal selection.
